

JOHNSONS GENERAL PURPOSE

Outstanding appearance and hardwearing.

- Family lawn, all-round mixture
- Outstanding appearance
- Hard wearing
- Cold and temperate climates

Ratings

General Purpose

General Purpose is an excellent all-round mixture with an outstanding appearance whilst being very hardwearing.

Using modern dwarf type perennial ryegrasses and red fescue, General Purpose produces a lawn of superior appearance whilst being very hardwearing. Vigorous roots strengthen the turf and give it superior resilience and durability.

This excellent, all-round mixture will perform well in the majority of domestic situations. An ideal mixture for overseeding in spring or autumn.

To create and maintain a high quality lawn use an appropriate seedbed fertiliser before sowing. Once the lawn is established apply an appropriate lawn feed as required and overseed the lawn annually.

Johnson's General Purpose

Cold and temperate

Mixture Composition	
Perennial ryegrass - Quick Lawn	40 %
Strong creeping red fescue	50 %
Chewings fescue	5 %
Smooth-stalked meadow-grass	5 %
