#### Fine Lawn

#### Repair

#### Drought

#### Shade

### Sports Lawn

Using only top varieties and the special new seed dressing 'Gromax'. Quick Lawn combines a superb fine leaved appearance with excellent wear tolerance.

Applied to grass seed, Gromax Seed Dressing will assist the plant in many ways as well as protect the seed as it grows. This will produce outstanding results in any domestic situation - it is both shade and drought tolerant with low maintenance requirements.

To create and maintain a high quality lawn use an appropriate seedbed fertiliser before sowing. Once the lawn is established apply an appropriate lawn feed as required and overseed the lawn annually.
