Hard-wearing lawn grass

Sport is hard-wearing and contains Quick Action© that provides quick establishment. It has dense and compact growth and has strong recovery after damage. For hot & dry composition, drought tolerant grass is included.

Improved playability under stress conditions with Quick Action©

The TurflinE Sport mixture has been upgraded with use of the unique Quick Action© perennial ryegrass. This very strong perennial ryegrass type is only available from DLF-TRIFOLIUM. Quick Action© has a much improved tolerance to diseases and also towards drought.
